The decorations of the hall will be in Christmas effect, combined with the class colors of the school. The chaperones of the evening are Mr. and Mrs. A. H. Lund, Mr. and Mrs. A. M. Cannon, Mr. and Mrs. J. E. Taylor, Mr. and Mrs. F. M. Lyman, Mr. and Mrs. H. J. Graham and Mr. and Mrs. Arthur Winsor.

Mrs. W. W. Myers will entertain the luncheon club today at 1 o'clock luncheon in the South apartment. Bridge will follow in the afternoon.

The Neighborhood Sewing club will meet today with Mrs. L. B. Hills.

Mrs. W. B. Albertson will entertain informally this afternoon at Kensington at her home in E street.

Bishop P. T. Rowe of Alaska will speak this afternoon at St. Mark's cathedral at 3 o'clock, under the auspices of the woman's auxiliary to the Board of Missions on his mission-ary work in Alaska.

A simple but beautiful church wedding was that of Miss Elizabeth Rose Groo, daughter of Mr. and Mrs. Byron Groo, and John Wise, which was solemnized Thursday at St. Mark's cathedral at high noon by the Very Rev. Samuel R. Colladay, dean of the cathedral. Rows of palms were placed in the chancel and the tall brass altar vases held pink roses and ferns added the altar lights. The organist, A. H. Taylor, played several organ selections before the Lohengrin bridal chorus announcing the arrival of the bride party. The bridesmaids, Misses Groo and Owe, preceded the maid of honor, Miss Pearl Clarke, who wore a beautiful pink messaline gown, walking length, with a large white beaver hat and white feathers, trimmed with touches of gold; she also carried an armful of pink bridesmaid roses. The bride followed on the arm of her father, attired in a handsome gown of cashmere de soie, made en train with yoke of rich lace and hand embroidered panels. A long tulle veil fastened with sprays of orange blossoms reached to the length of her train, and instead of flowers, she carried a white ivory prayer book.

The party was met at the chancel steps by the bridegroom and his brother, Thomas Wise, his best man. "Traumerei" was softly played during the ceremony, changing to the triumphant strains of the Mendelssohn wedding march, to which, with the peals of the church bell, the party left the cathedral. A reception followed at the home of the bride, in First avenue, when the members of the bridal party, the bridesmaids, the bridesmaid friends were present. The colors pink and green were carried out in the decorations of the home with blue and chrysanthemums and palms. Both the bride and bridegroom have for several years been valued members of St. Mark's cathedral choir, and the members of that organization were present to witness the ceremony and to offer congratulations. Mr. and Mrs. Wise left Thursday afternoon for Kansas City, where they will visit with the family of Mr. Wise before returning to their home in Salt Lake City. They will be at home to their friends after January 1.

For the first time in several years, the handsome Salt Lake home in East First Street, was thrown open for a brilliant social affair, the occasion being a large reception given Thursday afternoon by Mrs. Margaret Elaine Salisbury, to meet her daughter-in-law, Mrs. O. J. Salisbury, a bride of the year. From 3 to 6 the spacious rooms were well filled with the members of Salt Lake society, where they were receiving in the drawing room by Mrs. Salisbury, who wore an elegant reception gown of black satin and lace; Mrs. O. J. Salisbury wore a blue satin and Mrs. Louis B. McCormick, in a costume of red chiffon, all of the women carrying bouquets of exquisite orchids. The orchestra was stationed in the billiard room, and gave choice selections during the reception hours. The rooms were handsomely adorned with a profusion of large yellow and white chrysanthemums in tall vases and jardinières, and were also banked on mantels and grates.

In the dining room pink Madame Chenev roses were used in the decorations of the beautifully appointed tea table, where assisting were Mrs. W. S. McCormick, Mrs. W. Mont Perry, Mrs. Arthur H. Bird, Mrs. John A. Marshall, Mrs. Walter Stone, Mrs. George J. Gibson, Miss Anna McCormick, Miss Gertrude McGrath and Miss Adelaide Barker. Three hundred and fifty cards were issued for the affair.

GOOD MILK COMES FROM UTAH COUNTY

Inspection of Dairies by City Commissioner Shows Improved Conditions.

Utah county sends a good quality of milk to Salt Lake, according to the city dairy and food commissioner, who has just completed a round of the dairies near Alpine and Vineyard. An improvement is shown at each place, and conditions at the Alpine creamery, Maxfield's and the Union dairy are said to be very satisfactory.

It is all foolishness for the Jensen Creamery company to talk about the increased expense it will be to keep the milk down to 55 degrees of temperature during the year, said the dairy commissioner. The Alpine creamery company, which ships to Jensen, gets water from a spring to cool the milk. The water has a temperature the year round of about 47 degrees, and the use of ice is never needed. This company, with the facilities it has for cooling the milk, can place it on the Salt Lake market below the temperature required by the city ordinance, without the use of ice. The Alpine gets milk from 23 shippers, all within a radius of about two miles, and milk is carried to the creamery, morning and night right after milking. The other dairies have conveniences for keeping the milk cool, and Maxfield's is about to put in an ice storage plant for this purpose, as Utah lake is close and there will be little trouble in getting the ice. These shippers furnish about half of the supply of the Jensen company.

The Alpine contributors score as follows: J. E. Moyle, 34; P. O. McDaniel, 24; A. J. Devey, 46; J. J. Beck, 50; T. P. Carlisle, 43; Smith Bros., 34; John Watkins, 42; Henry Beck, 47; R. Bateman, 43; Hans Olsen, 23; R. P. Carlisle, 53; J. C. Beck, 41; Lincoln Carlisle, 49; D. J. Strong, 40; C. C. Strong, 40; John Moyle, 24; Richard Healy, 24; J. W. Vance, 51; A. Whitely, 51; William Devey, 56; J. C. Healey, 47; Jacob Beck, 52; J. A. Blair, not scored.

The Union dairy gets milk from 11 farmers and conditions were found to be good. These are in the Vineyard district. The scores were: J. O. Stone, 60; Robert Cobley, 45; Hyrum Gillis, 45; Conrad Mink, 40; J. E. Moyle, 34; Ben Larsen, 37; Elmer Holdaway, 36; J. C. Allen, 47; William Rawlins, 35; Mat Hanson, 40; Jens Anderson, 40; George Gooden, not scored.

Good records were found at the Maxfield dairy.

Eat your noon and evening meals at the new Cafeteria. It's growing popularity has necessitated the enlargement of the dining room. It's new, it's convenient. Service excellent! Food the best and properly cooked. It's fine! The Annex, 17 West South Temple.

COMMITTED TO HOSPITAL.

Patient Grows Worse and Judge Decides on Immediate Action.

Eva Hay Sykes, 35 years old, was yesterday committed to the state mental hospital at Provo following an investigation before Judge M. L. Ritchie. The woman had been insane for many years, but it had been "graciously decided" to give her hospital treatment instead of sending her to the state mental hospital, but it had become unmanageable and the commitment was approved by Judge Ritchie.

SOCIOALLY CHARMING, TOO

A Well-Developed Figure, Excellent Bust Proportion, Well Rounded Arms and Neck, Make Homely Women Attractive—Cut This Out.

There was recently published the formula of a famous beauty doctor who became wealthy in the profession of figure culture. Many of our famous actresses and society ladies, it is claimed, owe to her science the charming and exquisite proportion of figure which they enjoy.

So rapid and thorough is the treatment that one can almost "see the flesh grow." One young matron had to prove her identity to her husband after a month's absence, during which time she had used the home treatment. An increase of six inches is not unusual after a month's treatment.

Go to any druggist and get separately two ounces of glycerine, three ounces of rosewater, one ounce tincture cadomene compound (not cadomene) and five cents' worth of borax. Mix the glycerine and tincture cadomene, shake and let stand two hours, then add rose water and a teaspoonful of borax. Apply morning and night, rubbing until absorbed; then wash with hot water and a teaspoonful of borax. Continue a few weeks and beautiful development rewards the effort.

The work on the model road will be started at once, and the model road will be about 600 feet long. On this piece of work the mixing of clay and sand will be one of the particular features, to show that good roads can be laid in the sandy country.
